Comments**

# Notification fees for School Districts

- Eliminated notification fees for schools when conducting asbestos projects using school employees.

# Occupant Protection Plan

- See example of Occupant Protection Plan

# Exterior Supervisors and Workers

- Limited to non-friable asbestos containing material that remains non-friable on the exterior or building envelope

# Operations and Maintenance

- Added:
  - “Is work that is non-repetitive and is not a series of small jobs that if performed sequentially would result in an abatement activity.”
