Clients Served by DHS Programs- Definitions for Data Reported

Medicaid Eligibles

Data are from the DHCAA monthly report and represents individuals, not families or cases. Past counts are subject to small revisions as data are adjusted.

BadgerCare Plus start-up in February 2008 prompted DHCAA to reorganize its monthly Medicaid enrollment counts. The categories “AFDC Medicaid Coverage,” “BadgerCare,” “Healthy Start,” and “Presumptive Eligibility” were eliminated, and broadly speaking, were reorganized into a “BadgerCare Plus” category. Within this new category, the Monthly Client Count Report counts “Children under Age 19,” “Parents or Caretakers of Children,” “Pregnant Women,” “Child Support and Earned Income Extensions,” and “Other BadgerCare Plus.” A row for “Adults without Dependent Children” was added in July 2009 with the start-up of this new program. It supersedes the “Transitional Childless Adults” count in previous reports.

The count for the “Family Planning Waiver for Women 15-44” was previously included as a row within the now defunct “Family Medicaid” category in both the monthly DHCAA report and this Monthly Client Count Report. It is now represented on a separate line outside this category. (It is not included in the new “BadgerCare Plus” category in either report.)

“Other Elderly and Disabled Coverage” includes SSI (receiving or deemed to be receiving an SSI payment), SSI-related (meet SSI income and asset requirements, but not receiving SSI), Institutionalized (in a nursing home or other long term care institution), Waiver (eligible under a community waiver program), MAPP (Medicaid Purchase Plan), and Family Care non-MA (eligible for Family Care (non-MA)).

“Other Medicaid Coverage” includes TB-related (has TB and can get TB-related services), Medicare Beneficiaries (Medicaid pays only for Medicare premiums, co-payments, etc), Well Woman Medicaid (full Medicaid coverage for breast and cervical cancer patients), Foster Care (Medicaid coverage for children in foster care placements), Subsidized Adoption (Medicaid coverage is part of the adoption contract), and Miscellaneous, (Medicaid status codes that are non T19 funded or are temporary codes). The “Transitional Childless Adults” count in previous reports was shifted to the BadgerCare Plus category at the top of the page in July 2009, with the start-up of the new Medicaid Waiver Program for the childless adult population.

This DHCAA report is published on the DHS website at:

<http://DHS.wisconsin.gov/medicaid8/caseload/enrollment/enrollment.htm>

Last Revised September 10, 2009

FoodShare

Eligible recipients in an open case. From report “FoodShare Caseload Recipients by Calendar Year” published at the DHS website
<http://DHS.wisconsin.gov/em/rsdata/index.htm>

HIRSP

Enrollment total for the last day of the month or quarter are from the “HIRSP Authority: Financial and Policyholder Activity Report” published on the HIRSP Authority website at:

<http://www.hirsp.org/about/finances.shtml>

Due to the transition of HIRSP plan administration services to a contractor effective April 1, 2005, claims volumes, payments and other operation statistics may be accounted for differently. Care should be used when trying to compare data from prior to April 1, 2005 to data from April 1, 2005 going forward.

Disease Aids

Includes individuals who have turned in their Financial Need Statement or application for chronic renal disease, adult cystic fibrosis and hemophilia home care. Active clients have claims on file. Data reported monthly by program staff.

COP and Waivers

For December of each year, data reflects point-in-time data unduplicated count of persons being served on December 31st of each year. The data are from Table 3 of the Department’s annual report to the Legislature published at:

http://DHS.wisconsin.gov/LTC_COP/cop.htm

For months other than December, the unduplicated number of clients being served on the last day of each month is provided by program staff using data from HSRS. However, these data are unreliable because some counties do not report in a timely way, and therefore are not included in this report.

The “COP Only” program is entirely state-funded. The other programs are partially Medicaid funded and participants in these programs are also reported as Medicaid eligibles.

Community Relocation Initiatives

ICF-MR Initiative Relocations

Number of individuals with developmental and physical disabilities and frail elderly persons relocated from institutions to community settings through the ICF-MR Restructuring Initiative which started January 2005. The ICF-MR Initiative was designed to allow funding that was used to support people in institutions to follow a person into a more integrated setting. Individuals are served under the Community Integration Program CIP 1A or CIP 1B and also are reported as waiver clients. Data is taken from a report of

Last Revised September 10, 2009

persons relocated that is prepared by program staff each week. Reflects number of active clients included in the weekly report for the last Friday of the month. Persons who were relocated earlier in the month but who are deceased are not included.

Nursing Home Relocations

Number of elderly and physically disabled individuals relocated from nursing homes under the Community Relocations Initiative. Individuals are served under the Community Integration Program CIP II, Partnership, or Family Care programs and also are reported as clients under these programs. The Community Relocation Initiative became effective in July 2005 when the budget passed. Data reported by program staff from a periodic report of CIP II Community Relocation Initiative Service Plans approved (reflecting persons with approved plans and a service start date). Data reported as of December 20, 2005, for December 2005; as of April 19, 2005, for April 2005; and as of month end for subsequent months.

Family Care CMO Enrollment

Enrollment reported is as of the 1st of the month. From monthly enrollment “Family Care CMO Enrollment Data” published at DHS website at:

<http://DHS.wisconsin.gov/LTCare/Generalinfo/EnrollmentData.htm>

Family Care participants also are reported as Medicaid eligibles.

Partnership/PACE Enrollment

From Census Spreadsheet for year published at DHS website at:

<http://DHS.wisconsin.gov/WIpartnership/census.htm>

Participants are also reported as Medicaid eligibles.

Childrens' Waivers

Enrollment as of last day of the month. Data reported by program staff Sandy Blakney. Includes state and local funded, Intensive, Ongoing, local match-DD, local match-Mental Health, local match –Physically Disabled and Crisis.

Birth to Three

Annual data reflects official count as of October 1 of each year beginning in 2007. Prior to 2007, the count was done on December 1.

SSI State Supplement

Enrollment as of the 1st of the month. Produced monthly from the on-line SSI system. Data reported by program staff. Includes all individuals who received a state supplement in Wisconsin that month. In December 2004, of the total 95,776 reported, about 90,000 received a state supplement and a federal benefit payment and about 5,776 of these people received only a state supplement and did not get a federal SSI benefit payment.

Last Revised September 10, 2009

SSI Caretaker Supplement (Children)

Enrollment as of the 1st of the month. Produced monthly from the on-line SSI system. Data reported by program staff. Every Caretaker Supplement child has a parent who receives SSI and would be counted among the individuals receiving the SSI State Supplement.

DD Centers, Mental Health Institutes, Wisconsin Resource Center, Sand Ridge Secure Treatment Center, Supervised Release and Conditional Release

Average daily population reported by DLTC staff monthly. Contact Mike Hughes.

Children's Services

Beginning in July 2008, this Monthly Client Count Report no longer includes clients served by the new Department. Programs that were deleted from this report are Child Welfare In-Home Safety Services, Foster Care, Special Needs Children in Department's Care, Adoption Assistance Children and Kinship Care. Historical data for these programs is available on past Pdf. versions of this report. Contact Chris Swart in DHS.
