### How To Get Temporary Health Insurance

If you already have a health care provider, call and ask if s/he can use Express Enrollment to help you get temporary health insurance through BadgerCare Plus. If not, call 1-800-362-3002 and they will find a BadgerCare Plus provider for you.

If you're able to be enrolled, your temporary health insurance will start the same day you apply with your BadgerCare Plus provider. Your benefits will continue through the last day of the next month.

**For example:** If your BadgerCare Plus provider enrolls you on June 6, your coverage will last until July 31.

### Apply Today

Because temporary BadgerCare Plus lasts 60 days or less and doesn't pay for all pregnancy related services, you should apply for regular BadgerCare Plus with your local county or tribal agency as soon as possible.

**Note:** Temporary health insurance through BadgerCare Plus doesn't pay for inpatient hospital costs for services such as labor and delivery.

You can apply for regular BadgerCare Plus online at [badgercareplus.org](http://badgercareplus.org), by phone, mail or in person. Your health care provider can help you apply.

To get the address or phone number of your local county or tribal agency go to [badgercareplus.org](http://badgercareplus.org) or call 1-800-362-3002.
