 Report Requirements

Document Summary

This memo provides information on CY 2009 county allocations, lead agency identification, required reporting of program budgets and CY 2009 maximum ability to pay schedule.

Alzheimer's Family Caregiver Support Program (AFCSP) lead agencies are required to implement the program in accordance with administrative rules HFS 68. Please review your program periodically to assure compliance with the rules. For a copy of the rules or to discuss specific questions contact Barbara Robinson, Office on Aging, Bureau of Aging & Disability Resources (608) 266-7498 or via e-mail: barbara.robinson@wisconsin.gov

Allocations for CY 2009

The AFCSP funding continues as a Community Aids program. Allocations for 2009 are at the same level as 2008. The 2009 contract amount for each lead agency is listed on the attached allocation schedule. The schedule reflects a prior adjustment made for Family Care counties operating a Care Management Organization (CMO) in accordance with legislative changes in 2001-2002 state budget.

Family Care Counties Piloting Care Management Organizations

Family Care CMO counties may continue to enroll persons with irreversible dementia into AFCSP if those persons are eligible for AFCSP and **not** eligible for the Family Care benefit. Persons eligible for Family Care but choosing not to enroll in Family Care are **not** eligible for AFCSP.

Lead Agency Designation

In accordance with s.46.87 (7), stats., and HFS 68.04 (5), the county board is required to notify the Department in writing within 15 working days whenever it designates a different county agency to administer the program. If your county intends to change the administering agency for the program in 2009 written notification must be submitted with documentation of the county board decision to the Office on Aging, Bureau of Aging and Disability Resources. Additionally, each participant/caregiver is to receive

written notification at least ten working days prior to implementing a change in lead agency in accordance with HFS 68.04 (6).

Program Budgets for CY 2009

Each lead agency is to prepare annually a distinct program budget for AFCSP and submit the budget to the Department. The proposed budget must be reviewed at the county's Community Aids or federal aging public review and comment process. Upon approval, submit the budget using either the model budget report form (attached) or other form containing the same information to **Florence Rosner** using any of the following methods:
