

## Tuberculosis (TB) Related Services Plan

The TB-Related Services Plan helps pay some medical costs for the care of tuberculosis (TB) infection or TB disease.

To enroll in this plan, a person must meet income and asset rules and have been infected with TB. For one person, the monthly income limit is \$1,433 (gross) and the asset limit is \$2,000 or less. For a minor, age 18 or younger living at home, some of the parents' income and assets are counted.

TB-Related Services will cover ONLY services directly related to the care of TB. These include:

- Physician services,
- Prescription drugs,
- Laboratory test and x-rays,
- Clinic services,
- Services designed to encourage completion of treatment, and/or
- Services needed due to side effects of prescribed drugs for TB care.

**Note:** This plan does not pay for hospital stays or room and board.

To see if you may be able to get TB-Related Services, apply online at [access.wi.gov](http://access.wi.gov) or with your local county or tribal agency. To find your local agency, go to [dhs.wisconsin.gov/em/customerhelp](http://dhs.wisconsin.gov/em/customerhelp) or contact Member Services at 1-800-362-3002.

### For More Information:

- Contact Member Services at 1-800-362-3002 (voice) or 711 (TTY) TTY and translation services are free of charge
- Your local county or tribal agency, or
- Your local public health department.

The Department of Health Services (DHS) is an equal opportunity employer and service provider. If you have a disability and need to access this information in an alternate format, or need it translated to another language, please call (608) 266-3356 (voice) or 1-888-701-1251 (TTY). All translation services are free of charge.

For civil rights questions, call (608) 266-9372 (voice) or 1-888-701-1251 (TTY).
