

Outline for Dual Diagnosis Presentation
Ken Ninham
01/12/06

1. Purpose and function of dual diagnose in our department
2. Briefly explain my experiences working with Native people
3. Understanding Native values, beliefs, traditions
4. Importance of using both contemporary and Native assessment tools
5. Recognize patient's level of care
6. Share our department's changes over the past year
7. Importance of alcohol counselors and mental health workers working together (team).
8. I have a dual diagnose case that I can share if time permits.
