Appendix D

Provider, Facility and Urgent Care Clinic Network *Submission Requirements*

Overview

As indicated in Section 5 of this RFP, Proposers are required to submit a full and complete provider network and facility report that details the providers, hospitals and urgent care clinics that are contracted with the HMO to provide contract services to BadgerCare Plus members. Proposers are also required to submit copies of all contracts the HMO has with providers, hospitals and urgent care clinics that indicate the provider has contracted with the HMO to provide contracted services to BadgerCare Plus members. To respond to this requirement, the proposer must submit two (2) CDs or DVDs as directed in Section 3.3 of the RFP. Detailed information concerning the material to be included on these CDs is provided below under “submission specifications.”

- CD #1—Includes provider and facility network as an XML file and urgent care clinics as an Excel file
- CD #2—Includes copies of provider network agreements

The provider and facility network must meet all requirements stated in Art. III, H of the BadgerCare Plus contract in order to be considered sufficient. In addition, the provider and facility network must be submitted according to the technical specifications found in this Appendix D. If the Proposer fails to submit a satisfactory provider network and facility file in accordance with the technical specifications, the State reserves the right to disqualify the RFP from additional consideration.

Submission specifications

The technical specifications for submission of the provider network are as follows:

- CD #1: The provider network and facility file as well as the urgent care clinics file are to be submitted on **CD #1**.

Provider network and facility file. The provider network and facility file must be submitted in an Extensible Markup Language (XML) format according to the specifications in the attached Interface Control Document. All fields listed must be complete for each provider or facility. In submitting the hospitals that the HMO is

contracted with, the facility ID numbers listed in the appendix of the Interface Control Document should be used. Provider network and facility files submitted in any other format than XML will not be considered.

- No less than 75% of the providers within the HMO's submitted network must be Medicaid certified by the date the network is submitted as part of the RFP response. If the HMO is awarded the RFP, all providers in the network must be Medicaid Certified prior to signing a contract with the State.
- Proposers are encouraged but not required to submit in advance a test provider network and facility file to the Department to ensure that the final file submission as part of the official RFP response does not encounter any technical difficulties. The test file will be reviewed by Department staff and the HMO will be given feedback on any issues with their test file. The provider network does not need to be complete for the test file. This test file should be submitted to Jonathan Moody at jonathan.moody@wisconsin.gov as soon as possible, but no later than December 14, 2009. Test files will only be accepted by email.

Urgent care clinics file. Urgent care clinics within the Proposer's network must be submitted as an Excel file according to the attached Urgent Care Clinic File Format instructions. This file should be included on the same CD as the provider network and facility XML file. All fields listed must be complete for each urgent care clinic. If an urgent care clinic submitted by the proposer does not meet one of the criteria in the Excel table, it will not be counted towards meeting the requirements of the contract.

- **CD #2:** All providers, hospitals and urgent care clinics included on CD #1 must have a signed contract with the HMO to provide contracted services to BadgerCare Plus members. At the time of RFP submission, HMOs may submit letters of intent with its provider network, in place of contracts. These letters of intent must indicate that the providers agree to contract with the HMO upon award of the RFP. Each signed contract or letter of intent must be scanned and converted to a .pdf file and saved onto **CD #2**. Each .pdf file should be titled in the following manner:
 - i. *For provider:* (Provider's last name)_(Provider's Middle Initial)_(Provider's first name).pdf
 - ii. *For hospital or urgent care clinic:* (Facility name).pdf

Urgent Care Clinic File Format

Instructions: Urgent care clinics within the Proposer’s network must be submitted as an Excel file using the table format and fields listed below. For each urgent care clinic, all fields listed must be completed.

System Overview

The provider network and facility XML file must be submitted using the specifications of the XML layout that follows. All required XML data fields must be included and complete.

If the XML is malformed or does not meet the syntactical specifications in this document, the file will not be processed and an electronic report will be generated. The report, which will list any errors or conflicts found, will be returned to the RFP proposer indicated in the daily and monthly email contact field.

Please note the following guidelines related to components of the layout specifications:

- *Field Name “MCO ID”*: Because RFP proposers will not have been assigned an MCO ID, please use any 8 numeric character combination as a placeholder instead. Do not leave this field blank.
- *Field Name “HMO Special Services Code”*: The HMO is to indicate if it provides any of the special services listed in the Appendix. The services listed are not required and represent services an HMO may provide above and beyond what is contractually required of the HMO.
- *Field Name “Specialty Code”*: The list included in the Appendix represents a list of Medicaid specialty codes. It is not meant to be a comprehensive list of provider specialties. For each Medicaid provider included in the XML file, the HMO must list the provider’s specialty according to the codes listed. The HMO may not list a specialty that is not included on the list.
- *Field Name “Facility Number”*: For any facility in the HMO’s network, the HMO is to indicate the facility ID that corresponds with the facility with whom the HMO has a contract using the list of IDs provided in the Appendix.
