2023 Cost-of-Living Adjustment (COLA) for Medicaid for the Elderly, Blind, or Disabled

CROSS-REFERENCE

Medicaid Eligibility Handbook

EFFECTIVE DATE

January 1, 2023

PURPOSE

This operations memo announces this year's Social Security Cost-of-Living Adjustment (COLA) and the resulting increase in some Medicaid financial eligibility limits, effective January 1, 2023.

BACKGROUND

As announced by the Social Security Administration, the COLA for calendar year 2023 is 8.7% for the Social Security Administration (SSA) Old Age, Survivors and Disability Insurance (OASDI or Title II) Program and the Supplemental Security Income (SSI or Title XVI) Program.

The Medicare Part B costs are also updated based on the yearly amount set in federal law.

The federal COLA increase will result in changes to some of the Medicaid income levels, allowances, and deductions in CARES.

CARES eligibility redeterminations for January 2023 will occur as part of the annual mass change.

Note: SSI amounts will not be updated in CARES through the COLA mass change. SSI amounts will continue to be auto-updated on a weekly basis. The increase in federal SSI payments will appear as an auto-update after adverse action in December 2022 and will impact February 2023 benefits. The regular SSI auto-update alerts will be generated when these amounts change.

There will not be a COLA increase in state SSI Supplement or Supplemental Security Income Exceptional Expense (SSI-E) payment amounts.

POLICY

EBD DEDUCTIBLES

Per MEH, 24.6.1, increases in Social Security benefits due to the COLA may not result in increases to the amount of met or unmet deductibles. However, any increases in Medicare premiums must be used to adjust the amount of any remaining unmet deductibles.
