PURPOSE

This operations memo provides the 2024 amounts for the spousal impoverishment community spouse income allowance minimum allocation, the spousal impoverishment dependent family member income allowance standard, and the shelter base amount.

BACKGROUND

The U.S. Department of Health and Human Services published its annual update of the Poverty Income Guidelines, also called the Federal Poverty Level (FPL) Guidelines, on January 12, 2024. These guidelines are available at the following website: <https://aspe.hhs.gov/poverty-guidelines>.

Income limits and other amounts used in eligibility determinations for some categories of Medicaid are based on the FPL. Federal and state law mandates that the income limit changes related to spousal impoverishment have a delay in their effective dates. As a result, the changes are effective July 1, 2024.

POLICY

The spousal impoverishment community spouse income allowance minimum allocation, the spousal impoverishment dependent family member income allowance standard, and the shelter base amount will increase effective July 1, 2024. The new limits will be in CARES on May 22, 2024. CARES eligibility redeterminations for July benefits will occur on June 1, 2024, as part of a mass change.
