**Unfinished Business:** See below.

**Action Items:**

#	ITEM	DISCUSSION	DISPOSITION	PERSON RESPONSIBLE	OTHER COMMITTEE IF CROSSCUTTING ISSUE
1	2016-2018 Biennium Hot Topics	Sepsis and Post Resuscitation have been identified as hot topics. Physicians are creating the curriculum and training materials. Training centers will discuss third hot topic at August meeting.  Suggestion for a documentation component			

		as the third Hot Topic for training centers. Work with Data committee to come up with what needs to be covered.			
2	Paramedic Refresher Testing	<p>Measuring competency/assessment. Look at outputs but we can't assess outcomes accurately. Suggestion to use a portfolio evaluation.</p> <p>Board member suggested to recommend to DHS that Paramedics have a testing component like the other levels. It would be up to the service director and medical director to determine the paramedic's competency under them. To put on an exam costs money.</p> <p>Remove from agenda.</p>	<p>Dr. Cady made a motion that the committee recommend that an assessment at a training center should be required for all refreshers EMT through Paramedic. Greg West seconded motion. Defeated.</p> <p>The board has no recommendation on it. It will stay as is.</p>		
3	EMR Flexible Refreshers	<p>Training centers comment is it cannot be done this biennium. Testing is part of the formal refresher right now. If we allow flexible refreshers would we require 6 hours at a testing center?</p> <p>Board member proposed that we start exploring for the next biennium the ability of flexible refreshers at all levels and removing testing.</p>	<p>Be prepared to discuss ability of flexible refreshers at all levels and removing testing at the October meeting.</p>		
4	Different Renewal Period				
5	Change to Scopes (Educational Plan)				
6	MIH Curriculum	Table for June 3 board meeting.
