

State Plan Compliance Addendum to SNAP Employment and Training State Plan

If a compliance issue is identified that cannot be remedied before October 1, the Regional Office will request that the State complete this form to address the issues cited in the SNAP E&T State Plan. The completed State Plan Compliance Addendum will then become part of the approved State Plan.

For additional information, please reference the State Plan Compliance Addendum SOP.

Wisconsin is planning updates to the FoodShare Rights and Responsibilities telephonic signature for October 2024 that will explain the benefits of participating in the FSET program, including types of activities offered that may be of interest to participants and that individuals enrolled in FSET are entitled to receive participant reimbursements for reasonable and necessary items.</p> <p>This will constitute the screening and referral process. The screening and referral to E&T is sufficient to also meet the requirements for reverse referral requests.</p>
