Committee feedback:

IAC Grant Program Comments

- Keep categories really broad
- One theme should be models to address crisis in mental health/ behavioral health challenges We have acute hospital but don't have step up from residential facilities to address these needs. Get creative thinking.
- Transitions, community living and employment, look at participants that are aging and supporting people at home. Move to more compensated care. Housing support and development.
- Focus on issues of aging and the use of technology
- SU- behavioral health and medical high complex and how people can be supported.
- Look at one time expenses for individuals
- Fil- Housing and employment support. Wan to re-enter the work force.
- Administrative burden for IRIS-
- Community Supported Living Pilot Intentional communities
- Mental health issues

Ruberic and timing

- Scalability
- Medicaid Members served

Diverse

- Don't forget the rural areas for housing and transportation
- Look at handicapped accessibility rural communities sometimes only have 1 handicapped accessible in a community.

That is still being determined. Mitch mentioned this process was also reviewed in 2009-2010 without implementation. Krista mentioned we can learn from that process. The landscape has changed since then. Engagement is critical. Vicky requested that the email be made available. (it will be on the presentation that is distributed and published) The rates will be applicable to MCOs as well.

ISSP Development: Participant Provider Service Agreement / Essential Service Providers Presented by Leon Creary, Jonathan Claffin, and Katie Kelnhofer

- Leon covered participant planning, and Katie covered essential and requested providers
- Deadline for feedback is April 8
- No timeline available at this time for feedback

Committee Feedback: (Participant Planning): The needs panel/372 requirement is a CMS requirement. Katie mentioned policies were in draft status. Mitch asked how a copy would advance the goal. He commented that it would be important to receive the actual CMS requirement in providing feedback for the policy. He felt it would be beneficial to let participants know the contract would be voluntary. Sue added there would be little return for a lot of work for ICAs. Sue suggested it be left to providers to obtain plans of care. Members felt ISSP should be shared with essential providers. (Provider Service Agreement): Mitch requested copies of draft forms be sent to the IAC. Rosie commented that she believed the contract would offer protection for the participant and feels strongly regarding the need for it. Anne offered suggestions for radio buttons and/or drop downs on the form. Kathi mentioned there may be a delay in referral from ADRC due to getting packets signed. That is a possibility. There was discussion regarding current FEA contract process. Information is currently included in the Authorization Extract.

Committee Business

Committee Feedback: Anne requested an update/additional information on the Budget Statement. It was originally presented in September 2019. Rosie mentioned that the vehicle modification request form could be streamlined. It's currently very cumbersome. Mitch would like the new portion of the ISSP revisited at the next meeting. Rosie thanked staff for the quality information provided at the meeting.
