

IRIS Waiver Renewal

Share your ideas for improving the program

The Wisconsin Department of Health Services (DHS) is renewing the IRIS program waiver. A waiver is a special set of rules that allows us to fund Medicaid services and supports in people's homes and communities.

This is a chance for us to make the IRIS program better between 2026 and 2031.

We want to hear from:

- IRIS participants
- Families and friends
- Caregivers and providers
- IRIS contract staff
- Advocates
- Other partners

Take the survey

It only takes 10 minutes.
Responses are due **August 2**.

Attend an online public input session

DHS is hosting two online public input sessions. We want to hear your ideas to improve:

- Person-centered planning
- Participant self-direction
- Quality improvement
- Financial accountability
