TN No. 99-005

Approval Date NOV 27 2007 Effective date 02/01/2008

**Justification for Section 1902(r) (2)**

**Goals/Purpose**

- Remove employment barriers, specifically health and long term care barriers, for working-age people with disabilities who work or are enrolled in a work program.
- Allow people with disabilities to earn and have additional savings from earnings including saving for a home, an automobile, a physically accessible van or for retirement.
- Eliminate eligibility cliffs based on income

**All Unearned Income Exclusion (Supplement 8a, page 1)**

Under the methodology outlined under Section 4733 alone, a working disabled individual would currently have to have unearned income less than \$520. This requirement would make the majority of SSDI beneficiaries ineligible for Medicaid under this section; the average monthly SSDI benefit is \$700. The SSDI population is a the prime target group for return-to-work strategies.

**Resource Exclusion (Supplement 8b, page 1)**

Based on the methodology outlined under Section 4733 alone, a single person participating in the Medicaid Purchase Plan would not be allowed to have more than \$2000 in non-exempt assets. This requirement means that persons with disabilities are not able to save for a home, auto, physically accessible van, or participate in employers' retirement accounts.

**LESS RESTRICTIVE METHODS OF TREATING INCOME  
UNDER SECTION 1902(r)(2) OF THE ACT**

The methodologies described in Paragraph E apply to all eligibility groups covered under sections 1902(a)(10)(A)(i)(IV), (VI) and (VII); 1902(a)(10)(A)(ii)(I), (II), (III), (IV), (IX), (XI), (XII), (XIII) and (XIV), 1902(a)(10)(C)(i)(III) and QMB, SMB and QI under 1905(p).

- E.
1. All wages paid by the Census Bureau for temporary employment related to the decennial Census are excluded.
  2. Any additional payment received under chapter 5 of title 37, United States Code, by a member of the United States Armed forces deployed to a designated combat zone shall be excluded from household income for the duration of the member's deployment if the additional pay is the result of deployment to or while serving in a combat zone, and it was not received immediately prior to serving in the combat zone.
  3. The first five hundred dollars of tribal per capita payments from tribally managed gaming revenues are excluded in determining eligibility. These payments are distributed from local tribal funds from gaming operations and have not been held in trust by the Secretary of Interior. These payments are not otherwise excluded under federal law (e.g., P.L. 98-64).

\* Less restrictive methods may not result in exceeding gross income limitations under section 1903 (f).

MORE LIBERAL METHODS OF TREATING INCOME  
UNDER SECTION 1902(r)(2) OF THE ACT

Section 1902(f) State  Non-Section 1902(f) State

The following more liberal ways of treating income apply only to AFDC-related groups:

F. For parents and other caretaker relatives defined in sections 1902(a)(10)(A)(ii)(I) and 1905 (a)(ii) of the Social Security Act:

1. Income Disregard - For parents and other caretaker relatives, an amount equal to the difference between 200% FPL (as revised annually in the Federal Register) and the AFDC standard (see Supplement 1 to Attachment 2.6-A page 1 for the family size involved. This replaces the following AFDC disregards: \$30 plus 1/3, \$30 earned income disregard, \$175/\$200 dependent care expense deduction, and \$90 work-related expense deduction.

G. For pregnant women and infants under age 1 defined in Section 1902(a)(10)(A)(ii)(IX) of the Social Security Act:

1. Income Disregard - For the group of pregnant women and infants covered under Section 1902(a)(10)(A)(ii)(IX) and 1902(l)(1)(A) and (B) of the Social Security Act, disregard income in the amount of the difference between 300% and 185% of the Federal Poverty Level for the family size involved, as revised annually in the Federal Register. This replaces the following AFDC disregards: \$30 plus 1/3, \$30 earned income disregard, \$175/\$200 dependent care expense deduction, and \$90 work-related expense deduction.

The methodologies described in paragraphs H, I, J and L apply to persons described under 1902(a)(10)(A)(i)(III), (IV), (VI) and (VII) and to 1902(a)(10)(A)(ii)(I) and (XXI). The disregards do not apply to any groups that are specifically excluded under 1903(f) of the Social Security Act.

H. Depreciation is deducted from self-employment income.

I. The earnings of any individual under age 18 are not counted towards the determination of eligibility.

J. The needs of group members receiving Supplemental Security Income benefits will be included in determining the group size. None of their income will be counted toward a determination of the group's eligibility.

K. For optional targeted low income children defined at section 1902(a)(10)(A)(ii)(XIV) of the Social Security Act, use the income methodology specified in the currently approved SCHIP title XXI State plan for Medicaid expansion children.

L. Income from the following sources is disregarded: Charitable contributions, General Assistance payments from a local government agency, interest and dividends.

M. For all persons covered under section 1902(a)(10)(A)(ii)(XXI) and 1902(ii) of the Act, income changes that occur after the person has been determined eligible are disregarded until the next annual redetermination of eligibility. For children under the age of 19 covered under these sections of the Act, all income of their parents is disregarded.

STATE LONG-TERM CARE INSURANCE PARTNERSHIP

1902(r)(2) The following more liberal methodology applies to individuals who are  
1917(b)(1)(C) eligible for medical assistance under one of the following eligibility groups:

Persons who meet the requirements under the following sections of the Social Security Act:

- 1902(a)(10)(A)(ii)(I), (IV), (V), (XI), (XII) and (XIII)
- Medically Needy SSI-related persons under 1902(a)(10)(C)(i)(III), of the Act, and
- Qualified Medicare Beneficiaries under section 1905(p) of the Act,

An individual who is a beneficiary under a long-term care insurance policy that meets the requirements of a "qualified State long-term care insurance partnership" policy (partnership policy) as set forth below, is given a resource disregard as described in this amendment. The amount of the disregard is equal to the amount of the insurance benefit payments made to or on behalf of the individual. The term "long-term care insurance policy" includes a certificate issued under a group insurance contract.

x The State Medicaid Agency (Agency) stipulates that the following requirements will be satisfied in order for a long-term care policy to qualify for a disregard. Where appropriate, the Agency relies on attestations by the State Insurance Commissioner (Commissioner) or other State official charged with regulation and oversight of insurance policies sold in the state, regarding information within the expertise of the State's Insurance Department.

- The policy is a qualified long-term care insurance policy as defined in section 7702B(b) of the Internal Revenue Code of 1986.
- The policy meets the requirements of the long-term care insurance model regulation and long-term care insurance model Act promulgated by the National Association of Insurance Commissioners (as adopted as of October 2000) as those requirements are set forth in section 1917(b)(5)(A) of the Social Security Act.
- The policy was issued no earlier than the effective date of this State plan amendment.

## STATE LONG-TERM CARE INSURANCE PARTNERSHIP

- The insured individual was a resident of Wisconsin when coverage first became effective under the policy. If the policy is later exchanged for a different long-term care policy, the individual was a resident of Wisconsin when coverage under the earliest policy became effective.
- The policy meets the inflation protection requirements set forth in section 1917(b)(1)(C)(iii)(IV) of the Social Security Act.
- The Commissioner requires the issuer of the policy to make regular reports to the Secretary that include notification regarding when benefits provided under the policy have been paid and the amount of such benefits paid, notification regarding when the policy otherwise terminates, and such other information as the Secretary determines may be appropriate to the administration of such partnerships.
- The State does not impose any requirement affecting the terms or benefits of a partnership policy that the state does not also impose on non-partnership policies.
- The State Insurance Department assures that any individual who sells a partnership policy receives training, and demonstrates evidence of an understanding of such policies and how they relate to other public and private coverage of long-term care.
- The Agency provides information and technical assistance to the Insurance Department regarding the training described above.

X The State Medicaid Agency elects to be subject to the reciprocity standards under section 6021(b) of the Deficit Reduction Act of 2005 (DRA). The long-term care insurance partnership resource disregards will be provided to Medicaid applicants who originally purchased a qualified long-term care insurance policy in any state that participates in the reciprocity agreement.

TRANSFER OF RESOURCES

1902(f) and 1917  
of the Act

The agency provides for the denial of eligibility by reason of disposal of resources for less than fair market value.

A. Except as noted below, the criteria for determining the period of ineligibility are the same as criteria specified in section 1613(c) of the Social Security Act (Act).

1. Transfer of resources other than the home of an individual who is an inpatient in a medical institution.

a. /v/ The agency uses a procedure which provides for a total period of ineligibility greater than 24 months for individuals who have transferred resources for less than fair market value when the uncompensated value of disposed of resources exceeds \$12,000. This period bears a reasonable relationship to the uncompensated value of the transfer. The computation of the period and the reasonable relationship of this period to the uncompensated value is described as follows:

The entire sum must be expended on the divesting person's maintenance needs and medical care

The amount expended is calculated by keeping a running account of the person's medical expenses and adding the medically needy monthly income limit to it.

2. Transfer of the home of an individual who is an inpatient in a medical institution.

/v/ A period of ineligibility applies to inpatients in an SNF, ICF or other medical institution as permitted under section 1917(c)(2)(B)(i).

- a. Subject to the exceptions on page 2 of this supplement, an individual is ineligible for 24 months after the date on which he disposed of the home. However, if the uncompensated value of the home is less than the average amount payable under this plan for 24 months of care in an SNF, the period of ineligibility is a shorter time, bearing a reasonable relationship (based on the average amount payable under this plan as medical assistance for care in an SNF) to the uncompensated value of the home as follows:

The agency keeps a running account of the total cost of the institutional care.

The amount expended is calculated by using the average monthly MA expenditure statewide for care provided by a SNF.

TRANSFER OF ASSETS

1917(c) The agency provides for the denial of certain Medicaid services by reason of disposal of assets for less than fair market value.

- 1. Institutionalized individuals may be denied certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

The agency withholds payment to institutionalized individuals for the following services:

Payments based on a level of care in a nursing facility;

Payments based on a nursing facility level of care in a medical institution;

Home and community-based services under a 1915 waiver.

- 2. Non-institutionalized individuals:

X

The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

All MA recipients eligible to receive the services listed in the next paragraph.

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services (section 1905(a)(7));

Home and community care for functionally disabled and elderly adults (section 1905(a)(22));

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

TRANSFER OF ASSETS

3. Penalty Date--The beginning date of each penalty period imposed for an uncompensated transfer of assets is:
- the first day of the month in which the asset was transferred;
- the first day of the month following the month of transfer.
4. Penalty Period - Institutionalized Individuals--  
In determining the penalty for an institutionalized individual, the agency uses:
- the average monthly cost to a private patient of nursing facility services in the agency;
- the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.
5. Penalty Period - Non-institutionalized Individuals--  
The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;
- imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

6. Penalty period for amounts of transfer less than cost of nursing facility care--

a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:

\_\_\_ imposes a penalty for less than a full month, based on the proportion of the agency's private nursing facility rate that was transferred.

b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:

X does not impose a penalty;

\_\_\_ imposes a series of penalties, each for less than a full month.

7. Transfers made so that penalty periods would overlap--

TRANSFER OF ASSETS

9. Penalty periods - transfer by a spouse that results in a penalty period for the individual--

(a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

- STEP #1 - Take the original divested amount used to calculate the institutionalized individual's penalty.
- STEP #2 - Subtract the average nursing home private pay rate times the number of months of penalty that have been served through the end of the month prior to the current month.
- STEP #3 - Divide the remaining divested amount by the current average nursing home private pay rate and,
- STEP #4 - Divide the result in half.

FINAL RESULT - This is the penalty that must be applied to both spouses.

(b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

10. Treatment of income as an asset--

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

\_\_\_ The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

\_\_\_ For transfers of individual income payments, the agency will impose partial month penalty periods.

\_\_\_ For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

\_\_\_ The agency uses an alternate method to calculate penalty periods, as described below:

TRANSFER OF ASSETS

11. Imposition of a penalty would work an undue hardship--  
The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

The State's undue hardship procedure will, at a minimum, include:

- Notice to recipients that an undue hardship exception exists.
- A timely process for determining whether an undue hardship waiver will be granted.
- A process under which an adverse determination can be appealed.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

"Undue hardship" means that a serious impairment to the covered individual's health status would occur if the assets transferred were counted.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: WISCONSIN

TRANSFER OF ASSETS

- the date on which the individual is eligible for medical assistance under the State plan and is receiving institutional level care services described in paragraphs 1 and 2 that, were it not for the imposition of the penalty period, would be covered by Medicaid;

AND

which does not occur during any other period of ineligibility for services by reason of a transfer of assets penalty.

4. Penalty Period - Institutionalized Individuals--  
In determining the penalty for an institutionalized individual, the agency uses:

X the average monthly cost to a private patient of nursing facility services in the State at the time of application;

\_\_\_\_\_ the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized at the time of application.

5. Penalty Period - Non-institutionalized Individuals--  
The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;

\_\_\_\_\_ imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

SEP 25 2009

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: WISCONSIN

TRANSFER OF ASSETS

6. Penalty period for amounts of transfer less than cost of nursing facility care--

Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency imposes a penalty for less than a full month, based on the option selected in item 4.

The state adds together all transfers for less than fair market value made during the look-back period in more than one month and calculates a single period of ineligibility, that begins on the earliest date that would otherwise apply if the transfer had been made in a single lump sum.

7. Penalty periods - transfer by a spouse that results in a penalty period for the individual--

(a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

(b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: WISCONSIN

TRANSFER OF ASSETS

8. Treatment of a transfer of income-

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

       For transfers of individual income payments, the agency will impose partial month penalty periods using the methodology selected in 6. above.

  X   For transfers of the right to an income stream, the agency will base the penalty period on the combined actuarial value of all payments transferred.

9. Imposition of a penalty would work an undue hardship--

The agency does not impose a penalty for transferring assets for less than fair market value in any case in which the agency determines that such imposition would work an undue hardship. The agency will use the following criteria in making undue hardship determinations:

Application of a transfer of assets penalty would deprive the individual:

- (a) Of medical care such that the individual's health or life would be endangered; or
- (b) Of food, clothing, shelter, or other necessities of life.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: WISCONSIN

TRANSFER OF ASSETS

10. Procedures for Undue Hardship Waivers

The agency has established a process under which hardship waivers may be requested that provides for:

- (a) Notice to a recipient subject to a penalty that an undue hardship exception exists;
- (b) A timely process for determining whether an undue hardship waiver will be granted; and
- (c) A process, which is described in the notice, under which an adverse determination can be appealed.

These procedures shall permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the individual's personal representative.

11. Bed Hold Waivers For Hardship Applicants

The agency provides that while an application for an undue hardship waiver is pending in the case of an individual who is a resident of a nursing facility:

- X Payments to the nursing facility to hold the bed for the individual will be made for a period not to exceed 30 days (may not be greater than 30).

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: WISCONSIN

The agency does not apply the trust provisions in any case in which the agency determines that such application would work an undue hardship.

The following criteria will be used to determine whether the agency will not count assets transferred because doing so would work an undue hardship:

"Undue hardship" means that a serious impairment to the covered individual's health status would occur if the trust provisions were applied.

The State's undue hardship procedure will, at a minimum, include:

- Notice to recipients that an undue hardship exception exists.
- A timely process for determining whether an undue hardship waiver will be granted.
- A process under which an adverse determination can be appealed.

Under the agency's undue hardship provisions, the agency exempts the funds in an irrevocable burial trust.

The maximum value of the exemption for an irrevocable burial trust is \$ 2000.00.
