P.O. Box 7850
Madison, WI 53703-7850**

I. State/Federal Fiscal Year for Pre-Expenditure Plan

Wisconsin’s Pre-Expenditure Plan for the Social Services Block Grant (SSBG) covers the federal fiscal year 2025 beginning October 1, 2024 and ending September 30, 2025.

II. Transmittal Letter – Attached

III. Public Inspection of Pre-Expenditure Report

The Pre-Expenditure Report for FFY 2025 was posted on the Department of Health Services (DHS) external website on July __, 2024 with a brief explanation of services included in the plan. The notice included information about how to provide comments through two paths – via regular mail or email. Please refer to the Appendices for a copy of the notice.

In addition, Wisconsin has a county administered human services system. Each of Wisconsin’s 72 counties has a county board that makes decisions about how to allocate federal, state, and local funding for human services, including the SSBG.

IV. Narrative

A. Administrative Operations

The primary mission of the DHS is to protect and promote the health and safety of the people of Wisconsin. Toward that end, DHS has adopted a set of seven values. These values focus on supporting individuals in leading fulfilling, self-directed, healthy lives.

The SSBG is administered by county departments of human services. Each county agency works with their county board to allocate these resources to meet identified needs within their communities. In general, county departments manage the following:

- Adoption services
- Counseling services
- Child and adult day care
- Foster care services, adult and child

- Health-related services
- Home-based services
- Information and referral services
- Prevention and intervention
- Child and adult protective services
- Special services for individuals with disabilities
- Transportation

B. Fiscal Operations

1. The SSBG funds are allocated to Wisconsin counties in accordance with a formula developed by the legislature and the governor as aids to county governments through the state biennial budget process. These entities are bound under the State and County Contract for Social Services and Community Programs to meet all federal requirements for the SSBG.
2. At the state level, decisions about the allocation of funding are made through the state biennial budget process by the Governor and the Legislature. The Legislature's Joint Committee on Finance plays a lead role in developing the budget. Notices of the committee's meetings and agendas are posted in accordance with state statutes and include an opportunity for public comment on specific topics, including funding for social services. The full legislature approves or modifies the committee's decisions as part of the final enactment of the state budget.

In addition, Wisconsin's counties seek input from the public on the use of human services funding, including SSBG funds. County supervisor board meetings, where decisions about funding allocations are made, are public meetings. Notices of these meetings and agendas must be posted in accordance with the state's open meetings law.

3. Wisconsin will follow all federal cost allocation requirements under the DHS approved federal cost allocation plan. The state has sufficient fiscal control and funding accountability to adequately safeguard the disbursement and accountability for funds awarded.
4. Wisconsin intends to transfer \$14,653,500 TANF to the SSBG. These funds will be allocated to county human services departments along with funds

from the state’s regular SSBG allocation. In Wisconsin, state law assigns counties the lead role in providing human services to low income children and adults. These services include child protective services, foster care and adoption, services to children with developmental delays, case management and community support services to children with long term care needs, crisis intervention and other services to children with severe emotional disturbance, as well as other services to children and their families. Counties will use the TANF-transferred funds to provide these types of services to children and their families who are below 200% of the federal poverty level.

C. Program Operations

1. Wisconsin will continue to support all five of the SSBG goals.
 - a. Achieving or maintaining economic self-support to prevent, reduce or eliminate dependency.
 - b. Achieving or maintaining self-sufficiency, including reduction or prevention of dependency.
 - c. Preventing or remedying neglect, abuse or exploitation of children and adults unable to protect their own interest, or preserving, rehabilitating or reuniting families.
 - d. Preventing or reducing inappropriate institutional care by providing for community-based care, home-based care or other forms of less intensive care.
 - e. Securing referral or admission for institutional care when other forms of care are not appropriate or providing services to individuals in institutions.

2. Eligibility for all services provided under the SSBG include:
 - a. Recipients of Medicaid
 - b. Recipients of Supplemental Security Income
 - c. Individuals who declare their income to be at or below 75% of the state’s median income (see table below)

**Wisconsin State Median Income FFY 2025
(Estimated) 100% Median Income = \$117,736***

Family Size	Income Limit Yearly (75%)	Monthly (75%)
1	\$45,917	\$3,826
2	\$60,045	\$5,004

3	\$74,174	\$6,181
4	\$88,302	\$7,359
5	\$102,430	\$8,536
6	\$116,559	\$9,713

Low Income Home Energy Assistance Program

Counties may choose to provide services to individuals and families whose income exceeds the state minimums noted above. There is no income test for persons receiving social services that are court-ordered or protective in nature or for any of the following: crisis intervention, outreach, and information and referral. In addition, counties have waived the income test for specific services, including, but not limited to, crisis and respite child care.

Definitions:

Wisconsin Stat. s. 48.02(1d) – “Adult” means a person who is 18 years of age or older, except that for purposes of investigating or prosecuting a person who is alleged to have violated any state or federal criminal law or any civil law or municipal ordinance, “adult” means a person who has attained 17 years of age.

Wisconsin Stat. s. 48.02(2) – “Child” means a person who is less than 18 years of age, except that for purposes of investigating or prosecuting a person who is alleged to have violated a state or federal criminal law or any civil law or municipal ordinance; “child” does not include a person who has attained 17 years of age.

“Family” means one or more parents and children related by blood, marriage or adoption, and residing in the same household; or a parent substitute, such as a related caregiver or legal guardian, who has responsibility for the 24-hour care and supervision of a child.

3. The following services are provided by all county departments of human services. The method of service delivery varies across the state (e.g. public, private or a combination of both) depending on decisions of the County Board.

- Adoption services

- Counseling services
- Child and adult day care
- Foster care services, adult and child
- Health-related services
- Home-based services
- Information and referral services
- Prevention and intervention
- Child and adult protective services
- Special services for individuals with disabilities
- Transportation

V. Pre-Expenditure Reporting Form

Official Authorized to commit Wisconsin to this agreement:

Debra Standridge
Deputy Secretary
WI Department of Health Services

Date

Appendix A – Public Hearing / Public Notice

Wisconsin’s Social Services Block Grant

The Wisconsin Department of Health Services receives federal funding each year to support a wide array of local services for families and individuals with low incomes. This funding is managed by local departments of human services. Local services supported by the Social Services Block Grant (Title XX Block Grant) include the following:

Adoption Services	Counseling
Child and Adult Day Care	Health Services
Child and Adult Foster Care Services	Home-Based Services
Information and Referral Services	Prevention and Intervention
Child and Adult Protective Services	Services for the Disabled
Transportation	

For the complete list, please refer to the Pre-Expenditure Report.

Federal law requires DHS to provide the public with an opportunity to review and provide comments on these proposed expenditures for 2024-2025. Comments may be sent by regular mail or by email before 12:00 p.m. on Wednesday, August 14, 2024.

Mail: SSBG
Office of Policy Initiatives and Budget
P.O. Box 7850
Madison, WI 53703-7850
Email: DHSGrantReview@dhs.wisconsin.gov

In addition, each of Wisconsin’s 72 counties has a county board that makes decisions about how these federal funds are spent. These local budget documents are available to county department of human services upon request. Comments on these documents should also be sent to the above. For a list of local agencies, go to <http://www.dhs.wisconsin.gov/forwardhealth/imagency/index.htm>

Appendix B – Proof of Audit

Each year, the Legislative Audit Bureau completes a financial and compliance audit of the State of Wisconsin. This single audit satisfies state agencies' audit requirements under the federal Single Audit Act of 1984, as amended, and the federal Office of Management and Budget Circular A-133. The latest audit covers the period for state fiscal year 2023. Highlights from the audit are available at <https://legis.wisconsin.gov/lab/2024/esummary24-3>. The full audit can be found at https://legis.wisconsin.gov/lab/media/3723/24-3full_723088.pdf.
