1 Introduction

This user guide provides general instructions on how to enroll in and administer a ForwardHealth electronic funds transfer (EFT) account.

1.1 Important Information

The following information should be reviewed and understood prior to enrolling for EFT payments from ForwardHealth:

- All EFT enrollments must be completed via your secure Provider Portal account. Paper enrollments will not be accepted.
- Only a clerk who has been assigned the EFT role may enroll in EFT. An account administrator may create a new clerk account for this purpose or may modify an existing clerk account to have an EFT role.
- Once enrolled for EFT, organizations cannot revert back to receiving paper checks.
- Organizations may change their EFT information at any time.
- Enrolling in EFT does not change your Remittance Advice. You will continue to receive your remittance information the same way.

If you do not have a ForwardHealth Portal account and wish to enroll in EFT, go to <https://www.forwardhealth.wi.gov/> to request a ForwardHealth Portal account. You may also call the ForwardHealth Portal Helpdesk at 866-908-1363 for assistance in requesting a Provider Portal account.

1.2 Getting Started

All administrative accounts have access to the EFT enrollment and tracking function on the ForwardHealth Portal.

Account administrators who wish to delegate EFT enrollment and tracking functionality to users within their organization can create clerk accounts, modify existing clerk accounts, and grant those clerk accounts access to the EFT enrollment and tracking functionality. The EFT role should only be assigned to those clerks who need access to EFT information and should be removed when no longer needed.

Note: Please be advised that EFT information includes data about your financial institution and EFT settlement account number. By granting a clerk the EFT role, account administrators are granting clerks access to this information. Account administrators are responsible for ensuring that access to this information is restricted to only those clerks authorized within the organization to view the information.

For information about managing clerk accounts, refer to the “Clerk Maintenance” section of the [ForwardHealth Provider Portal Account User Guide](#) which is located on the Portal User Guides page of the ForwardHealth Portal.

Account administrators who wish to delegate the EFT enrollment and tracking functionality to other users within their organization can create clerk accounts, modify existing clerk accounts, and grant those clerk accounts access to the EFT enrollment and tracking functionality. For information on adding a role to a clerk, refer to the [ForwardHealth Provider Portal Account User Guide](#).

Authorization

On behalf of the health care provider identified above, by my signature below I hereby represent as follows:

1. I authorize the Department of Health Services (DHS) to deposit, by electronic funds transfer, payments owed to the provider by the State of Wisconsin and, if necessary, initiate debit adjustments for any electronic deposits made in error to the account indicated above. I hereby authorize the financial institution/bank named above to credit and/or debit the same to such account.
2. I acknowledge that funds deposited pursuant to this authorization are payments by the State of Wisconsin and are subject to the same laws, rules and policies as payments made in any other manner.
3. I acknowledge that if the provider fails to provide complete and accurate information on this authorization form, the processing of the form may be delayed or my payments may be erroneously transferred electronically. In the event that due to failure to provide complete or accurate information DHS deposits payments into an account over which the provider does not have control, I agree that DHS shall be held harmless for such payments.
4. I hereby certify that the provider has control of the account referenced above, and that the financial institution and all arrangements between the financial institution and the provider are in compliance with all applicable federal and Automated Clearing House (ACH) regulations and instructions.
5. I acknowledge that any information provided in this document constitutes a statement or representation of a material fact knowingly and willfully made or caused to be made for use in determining rights to payment within the meaning of s.49.49(1) and (4m), Wis. Stats., and that if any such information is false, criminal or other penalties may be imposed under those laws.
6. I acknowledge that this authorization is effective as of the signature date below and will remain in full force and effect until the DHS has received written notification from an authorized representative of provider at least thirty (30) days in advance of its termination. The DHS will continue to send the direct deposit to the financial institution indicated above until notified in accordance with this paragraph by an authorized representative of provider that provider wishes to change the financial institution receiving the direct deposit. If provider's EFT information changes, provider agrees to submit to the DHS an updated EFT Authorization Agreement.
7. I acknowledge that the requirements and obligations contained herein are in addition to any and all other requirements and obligations applicable to provider in connection with provider's participation in any program that is part of ForwardHealth, including but not limited to requirements and obligations set forth in federal and state statutes and rules and applicable provider handbooks and updates.
8. I am an authorized representative of the provider with power to make all representations on provider's behalf contained herein.

If you are an EFT clerk, this page will display all the service locations for which you are assigned the EFT role. Account administrators will see all of the service locations for the provider under which they are logged in.

The EFT Status column displays the current status of each service location.

3.1.1 Enrollment Statuses

Pending

A *Pending* status indicates that ForwardHealth is preparing to initiate the required prenotification test transaction with the financial institution designated as your organization's ForwardHealth EFT settlement account.

Prenotification

A *Prenotification* status indicates that ForwardHealth has initiated the prenotification test transaction with the designated financial institution and is awaiting a response. Prenotification testing can take up to 15 banking days to complete. A *Prenotification* status also indicates that ForwardHealth has not received notification of any error in the EFT account set-up from the financial institution during the testing process to date.

Active

An *Active* status indicates that the required prenotification testing process has been completed without error. The next scheduled payment will be made by EFT and the payments directly deposited into the provider's EFT settlement account at the designated financial institution.

The EFT enrollment will remain in an *Active* status unless you change your enrollment information or the financial institution initiates a change in their ABA routing number or settlement account information.

Failed

A *Failed* status indicates that errors occurred during the required prenotification test process with the designated financial institution. If this occurs, ForwardHealth will work with the provider's financial institution to resolve the errors and generate a second prenotification test with the financial institution. When necessary, ForwardHealth will contact the EFT contact person identified on the EFT enrollment form for your organization to verify or correct information.

Interrupt

An *Interrupt* status is a temporary status that forces a paper check to be issued. Electronic funds transfers will only be placed in this status at the direction of ForwardHealth. The EFT account remains valid while the account is in an *Interrupt* status and can be placed back into an *Active* status to resume scheduling EFTs.

No EFT on File

A *No EFT on file* status indicates that an EFT request has not been submitted for a specific service location or that an EFT request has been canceled.

3.2 View History

To view the enrollment history for a specific service location, click **View History** next to the specific service location. The “Audit History” section will populate with any changes made to the EFT enrollment for the selected service location.

5 Email Notifications

An EFT contact will receive an email notification in the following situations.

5.1 Change of Email Address

When the email address for an EFT contact is changed, an email message is sent to the original address, alerting the contact that the address has been changed in ForwardHealth's records. The message also indicates that the EFT contact should alert the provider's account administrator immediately if the change was made in error.

The message contains the following contact information in order to verify the correct address was changed:

- Provider ID/National Provider Identifier (NPI).
- Taxonomy number (if applicable).
- ZIP code.
- Financial payer.

5.2 Change of Electronic Funds Transfer Bank Information

When EFT bank information is changed, an email message noting that the key EFT account information (such as financial institution, account number, account type, account holder's name) has been changed is sent to the provider's EFT contact. In addition, an email message indicating that EFT information has been revised will be sent to the provider's account administrator's messaging account.
