

Scoring the Clock Draw

Any of the following should be scored as **zero**:

<u>Error</u>	<u>Description</u>
Time incorrect	Hands set incorrectly
No hands	No hands drawn
Missing numbers	One or more numbers missing, including the tick marks in place of numbers
Repeated numbers	Same number appears more than once
Substitution	Symbols or marks used in place of numbers, or time written out rather than shown by hands
Number orientation	Numbers counterclockwise
Number order	Number sequence incorrect
Numbers outside circle	Numbers placed outside exterior boundary of circle
Clock-like figure	Image, figure, symbols, or characters drawn do not resemble a clock or features expected on an analog clock face
Number spacing (major)	Gross error of spacing including a completely empty quadrant
Refusal	Test form blank, or tester recorded refusal to start or finish a partial attempt

NOTE: How long the hands are and pointing to the exact number aren't extremely important.
