# Children's Long-Term Support Waiver (CLTS) Statewide Uniform Rate Schedule 

## Background

The CLTS Rate-Setting Initiative is a multiyear effort to develop a statewide rate-setting methodology for the CLTS Program. The initiative is the result of a corrective action plan issued by the federal Centers for Medicare \& Medicaid Services (CMS), requiring the Wisconsin Department of Health Services (DHS) to comply with federal Home and Community-Based Services Waiver regulations.

## Rate Methodology

The statewide rate methodology primarily sets rates for CLTS services with a direct care provider component. Services exempt from the rate methodology will continue to be paid at market rates.

## Benefit Categories Included in Rate Schedule*

- Adult family home - Grief and bereavement counseling
- Child care
- Community/competitive integrated employment
- Health and wellness
- Community integration services
- Mentoring
- Counseling and therapeutic services
- Participant and family directed broker services
- Daily living skills training
- Personal supports
- Day services
- Respite
- Discovery and career planning
- Safety planning and prevention
- Support and service coordination**
- Financial management services
*Some benefit categories include subcategories that are not included in the rate schedule because they are paid at market rates (e.g. respite camps, bus passes, parking, etc.). Please refer to the CLTS Service Descriptions and CLTS Benefit Code Crosswalk, P-02283, for more information.

Most rates represent a ratio of one direct caregiver to one CLTS participant. The rate schedule identifies services which may be additionally provided in a group setting.

The rates in the CLTS rate schedule represent the maximum amounts that can be paid for each service unit without an outlier rate. County waiver agencies are prohibited from negotiating rates with providers for services included in the statewide uniform rate schedule. Services may be paid at lower rates when the service provider's usual and customary cost, the amount the provider charges to the general public, is lower than the amount in the CLTS rate schedule.
**Support and service coordination rates are not specified in this rate schedule. These rates are set using the existing method that develops a unique rate for each CWA.
