

**Prediabetes
is a lot like**

misplacing your coffee.

A red car is shown from a side profile, with a coffee cup balanced on its roof. The background is a blurred natural setting with green and yellow foliage.

**If you
just knew,**

you'd change it.

If you have prediabetes, making a few small changes now can fix the high blood sugar that's damaging your health—before you develop type 2 diabetes.

Take the 1-minute risk test.
