

SEOC Testing Supplies Web Site Changes:

Current

Update Instructions to request for testing needs, not supplies. Supplies provided based on lab, testing dates and facility profile?

Instructions

FOR IMMEDIATE OUTBREAKS CONTACT YOUR LOCAL HEALTH DEPARTMENT

The following supplies and services to facilitate laboratory COVID-19 testing are available at no charge to qualifying Wisconsin clinicians, local and tribal health centers, clinical laboratories, skilled nursing facilities, and other approved entities collecting specimens in response to COVID-19. The supplies and laboratory services are intended for the purpose of expanding Wisconsin's existing COVID-19 testing capacity. Please do not use these supplies and services for the purpose of replacing your own existing testing resources. You may not bill third-party payors for these supplies and services (for more information about billing, [click here](#)).

- **Room Temperature Collection Kits:** Specimen collection materials including viral transport media (VTM) and a nasopharyngeal (NP) swab. Room temperature storage. [Collection Instructions](#)
- **Refrigerated Collection Kits:** Specimen collection materials including VTM and NP swab. *NOTE:* May be shipped and stored for up to 12 weeks at room temperature, or stored refrigerated (2°- 8° C) for up to 12 months. [Collection Instructions](#)
- **Swab Only:** NP swab alone, FDA approved.
- **VTM Only:** CDC protocol VTM. *NOTE:* May be shipped and stored for up to 12 weeks at room temperature, or stored refrigerated (2°- 8° C) for up to 12 months. [Genturi Package Insert](#) [WVDL Package Insert](#)
- **Small Category B Return Shipping Materials:** Insulated cooler with category B labels, 2 cool paks, and packing material. Can hold up to 40 collected specimens.
- **Large Category B Return Shipping Materials:** Insulated cooler with category B labels, 4 cool paks, and packing material. Can hold up to 200 collected specimens.
- **Exact Sciences Collection Supplies and Laboratory Services:** Specimen collection materials including saline and a nasal swab. Room temperature storage. *NOTE:* Supplies intended for testing performed by Exact Sciences at no charge. For collection instructions and additional information go to: [Exact Sciences](#)
- **New Marshfield Clinic Collection Supplies and Laboratory Services:** Specimen collection materials intended for testing performed by Marshfield Clinic at no charge. Marshfield Clinic Collection Supplies and Laboratory Services are to be requested directly from Marshfield Clinic's website. To learn more about how to connect with Marshfield Labs: [Marshfield Clinic Service Offering](#)

The supplies and laboratory services are intended for the purpose of expanding Wisconsin's existing COVID-19 testing capacity. The supplies and laboratory services are available for testing symptomatic and asymptomatic individuals based on clinical guidelines established by the organization requesting the materials.

Demographics - Please complete these questions to continue the request

Have you ordered from this site before?
 Yes No

How many tests can you perform with your current inventory of testing supplies?

Must be 0 or greater to continue

Enter the number of patient COVID-19 tests your facility has initiated in the past 7 days (enter 0 if none)

Must be 0 or greater to continue

In order to help us prioritize your request, please describe your planned use of the collection materials

Please state which clinical laboratory will perform testing of specimens collected with the requested materials

Healthcare Facility Type
Select One

To allow us to better track the distribution of testing supplies among the various types of health care providers in the State, please select from the provided drop down menu the type of health care facility that best describes on whose behalf you are placing your order. If you are requesting supplies on behalf of a county jail or medical examiner, please route your request to your County Public Health Department instead of this website.

If someone selects Skilled Nursing Facility type:

- Trigger the NPI box to enter number, this could then pre-populate the requester/shipping information in the the next screens
- Could facility then enter # of beds, # of staff – or this could be associated with the facility profile attached to the NPI code?

Requester Contact Information

Enter your contact information, including your direct line phone number, to avoid delays should we need to contact you regarding details for your order.

Prefix	First Name	Last Name	
<input type="text"/>	<input type="text"/>	<input type="text"/>	
Email	Phone Number		
<input type="text"/>	<input type="text"/>		
Company or Organization			
<input type="text"/>			
Address	Address 2		
<input type="text"/>	<input type="text"/>		
City	County	State	Zip Code
<input type="text"/>	<input type="text" value="Select One"/>	WI	<input type="text"/>

Shipping Information

Be sure to fill an appropriate shipping address (no PO Box address). Provide the name and phone number for the staff member responsible for receiving the shipment.

Prefix	First Name	Last Name	
<input type="text"/>	<input type="text"/>	<input type="text"/>	
Email			
<input type="text"/>			
Company or Organization			
<input type="text"/>			
Attention			
<input type="text"/>			
Shipping Attention Phone Number			
<input type="text"/>			
Address	Address 2		
<input type="text"/>	<input type="text"/>		
City	County	State	Zip Code
<input type="text"/>	<input type="text" value="Select One"/>	WI	<input type="text"/>

Instead of entering type of supplies, this could be testing plan information:

- Type of test (VTM/Saline with NP/Nasal/Otho swab?)
- Testing date(s) – with calendar selection
- Date of last confirmed positive

Suggest to delete this section?

Testing Supplies

We will make every effort to send health care providers their preferred specimen collection materials. However, in the event that demand for particular materials exceeds current supply, we will send providers alternative materials if they can be utilized. If you have the ability to use more than one of the three types of collection materials, please select each type of materials you can use and prioritize those from 1 to 5, with 1 being your first choice. Priority is not required for "Small Category B Return Shipping Materials" and "Large Category B Return Shipping Materials". **Note:** Marshfield Clinic Collection Supplies and Laboratory Services are not ordered through this site. Please see the instructions at the top of this page for more information about Marshfield Clinic.

Supplies

Priority Priority must be unique

14 Day Needs How many do you need for the next 14 days?

Requested Supplies

Please add items to your list using the fields above.

Name	Priority	14 Day Needs	Action
Swab Only	1	0	<input type="button" value="Delete"/>

This could remain
