

Free At-Home HIV and STI

Take the first step towards prioritizing your sexual health today.

Wisconsin residents 18 years or older can order free test kits for HIV, syphilis, chlamydia, gonorrhea, and trichomoniasis.

- ✓ Private, secure, and fast
- ✓ No cost to you
- ✓ No insurance needed

- ✓ Tests delivered in discreet box
- ✓ View results in a secure online portal
- ✓ Free support if you test positive

How does testing work?

Step 1:

Tests delivered directly to you

Step 2:

Easily collect and ship back samples

Step 3:

Get your results* within 24 hours of receipt

Step 4:

Free linkage to treatment, if needed

*Results of HIV and syphilis testing are considered preliminary, and follow-up testing by a health care provider may be necessary.
