Certified Direct Care Professional
WisCaregiverCDCP.com

Start Your Career in Health Care

Become a CDCP!

The State of Wisconsin launched the Certified Direct Care Professional (CDCP) program to help thousands of Wisconsinites who need home or community-based care.

Benefits

The free training can be completed in about 30 hours. You'll learn 14 competencies that will apply to multiple jobs. It's the first step on a career path that offers many opportunities in the health care industry.

Job support

CDCPs get exclusive access to a one-stop online portal called WisCaregiver Connections. There, eligible providers and agencies will post job openings that you can explore to find the right fit. You'll earn \$500 in bonuses by working at least six months at an eligible employer. The portal also offers training opportunities, a resource library, and other valuable information.
