

V. NUTRITION SERVICES AND ADMINISTRATION (NSA) EXPENDITURES

(Please indicate) **State Agency: Wisconsin** for **FY FY2025**

NSA expenditures involve the process of allocating, documenting, and monitoring the distribution of administrative funds to local agencies, including the monitoring of nutrition education costs, and State and local agency direct/indirect costs.

During disasters, emergencies, public health emergencies, or a supply chain disruption, including infant formula recalls, the State agency may request to implement existing and allowable regulatory flexibilities or waivers to support the continuation of Program benefits and services. Waivers granted under Access to Baby Formula Act of 2022 (codified at 7 CFR 246.4a(30)) or temporary provision(s) authorized by Congress are not permanent amendments to the State Plan; however, State agencies should consider any historical amendments as the result of waivers granted under prior waiver authority to develop policies and procedures for current and future disasters.
